I have known Silvana for almost 20 years and not only did she give me the best facial ever all those years ago but she continues to provide quality treatments and innovative procedures to her clients. Not only that, but she herself is so kind and caring, seeing her is a total mind body experience. I would recommend her unequivocally!

I had the most amazing Venus Freeze treatments. They were so effective. My skin feels so young and amazing. People always complement me on how young my face looks. I recommend also the facials. Every time I go there I feel like a new me.

I would recommend Silvana's facial to anyone I know, it is simply heavenly. She is also the only person I would trust with any treatments such as Venus Freeze or Microdermabrasion. I cannot go anywhere else she is simply the best.
